Q162 - Is there anything regarding childcare in your county that you wished we had asked, or you would like to tell us?

Is there anything regarding childcare in your county that you wished we had asked, or you would like to tell us?

infant care is the most impossible to find!!!

When my daughter was born, it was quite difficult to find daycare for infants. I contacted probably 40 different people just to see if they had openings!! It was very frustrating how few options are available for infants.

We need more options for childcare. It seems like many daycares are retiring or closing because of all of the red tape you have to go through. Then we just don't have the opening of new daycares in homes due to all the restrictions to open up one in your home. Some of it is extreme and really doesn't have to do with the care in the home. Another facility/center would be great for Hays.

We need more childcare availability in our county. It must be: affordable, reliable, dependable, clean, provide learning experiences, have trained, caring, as well as suitable number of staff, available to parent work schedules, serve nutritious meals/snacks & within easy access for parents.

We employ 24 hour staff and finding daycare is impossible for them.

Is there anything regarding childcare in your county that you wished we had asked, or you would like to tell us?

Although understand there needs to be rules and regs to abide, the rules and regulations that the government has set so tightly are difficult for those wanting to open or start their own daycares, as well as becoming more difficult for those who do have daycares to continue to run. Yes, there needs to be safety regulations for our children, but it is so difficult for people to start up a daycare when it is highly needed in our areas. Daycare is very hard to find in this area, especially for those that need it for infants.

We need more childcare availability in our county. It must be: affordable, reliable, dependable, clean, provide learning experiences, have trained, caring, as well as suitable number of staff, available to parent work schedules, serve nutritious meals/snacks & within easy access for parents.

Child care in this community is scarce at best. It is so scarce because the rules and regulations placed upon childcare providers is absolutely ridiculous. I understand that something things need to be more strict but it almost went so far strict that no one wants to do it anymore and it is not worth the compensation the childcare providers are getting. I have had my daughter in child care at multiple locations (due to childcare providers moving or finishing their business) and the hoops that they have to go through to do anything fun for the kids makes it almost impossible

A mom's day out program would be great. Hays has no options like this.

A young family should not have to make a painful decision to either try to survive on a one income. If both parents work at their profession then childcare should be made affordable! Otherwise we lose profession who provides a service to our community! My son and daughter, who have not yet delivered their child are searching for dependable childcare that is affordable and reliable, that is housed in our city! Thank you so much for listening!
